## We collect it as part of our job to educate you and because

...the law says we have to know who goes to our school.

... we need to know what you already know

... to help to keep you well and so we know what to do if you are poorly

... we have to make sure our children are safe

So people we work with can recognise you

## We share it with..

We have to let the council and the government know who goes to our school and how they are doing.

We let the council know information to help keep you safe

We share data with Doctors and the NHS

## We keep it

Until we pass it to the next school you go to or...

If it is needed for our records,
